Bill 185

Improvement of Student Advisement

The Faculty Senate approved the following recommendations made by the Committee on Educational Procedures and Facilities.

1. That the Academic Vice President appoint an advisement council, consisting of a representative from each college, for the purpose of developing effective methods and procedures in all areas pertaining to scholastic and academic activities of the several colleges and to insure the essential communication necessary for an effective advisement system at the University.
2. That each college develop a manual for advisors consisting of all pertinent procedures related to academic advising.
3. That students be granted the opportunity to request a change in advisors at the end of their sophomore year, and that this request be granted when practical.
4. That continued use be made of the Counseling Center by referring students to it with specific problems beyond the scope of the assigned academic advisor.
